

FMSOne is a single sign-on to log in to your account easily and securely. It allows you to access the apps that your FMS Provider has given you access to use. With **FMSOne**, you only need to remember one login for all your FMS apps. After you receive an email telling you that your account has been set up, complete the steps below to finish your account creation.

Below are the steps you must follow when signing up.

#	Steps to Complete	What it Looks Like on a Screen
1	Open the FMSOne email you received and click on the “ Click here to sign up ” link.	 <p>1- Click here to sign up link</p>
2	Click the green Sign Up button on the page that opened when you clicked the link.	 <p>2- Sign Up Button</p>
3	Your name and email address will already be filled in on the form. You need to create a password for your account and enter it in both fields. Click the Sign Up button at the bottom of the form.	 <p>3- Sign Up Form</p>
4	You should see a confirmation page with a link to “ Return to Sign in page ”. Click that link.	 <p>4- Return to Sign in Page Link</p>
5	You can now sign in with your email address and the password you just created. Enter that in the log in form, then click Log In .	 <p>5- Log In Screen</p>

If you have additional questions, please refer to the **FMSOne** User Guide or contact your FMS Provider for assistance.
